

Introducing our shape-shifting, job-saving sheet stock.

Royal Trimboard sheet stock is flexible, reliable and just plain able. Rely on it for renovation projects that require extensive moulding with all kinds of widths. You can rip our trimboard sheet stock—available in 4' x 8' to 4' x 20' sheets—into any width or cut it into custom shapes and designs.

Another example of our trimboard sheet stock's able flexibility: You can mill and miter it easily, cleanly and precisely with standard tools. Plus our trimboard sheet stock is paintable, resists moisture and mold and is backed by a lifetime never rot warranty. Your customers will love that.

Sizes Available

Nominal Width	Actual Dimensions	Profile	Pieces Per Unit	Actual Length
3/8 Thickness				
3/8" x 4'	3/8" x 48"	2878	32	8', 10', 12', 18', 20'
1/2 Thickness				
1/2" x 4'	1/2" x 48"	2871	24	8', 10', 12', 18', 20'
5/8 Thickness				
5/8" x 4'	5/8" x 48"	2838	19	8', 10', 12', 18', 20'
4/4 Thickness				
1" x 4'	3/4" x 48"	2837	16	8', 10', 12', 18', 20'
5/4 Thickness				
5/4" x 4'	1" x 48"	2864	12	8', 10', 12', 18', 20'

Precisely the right accent.

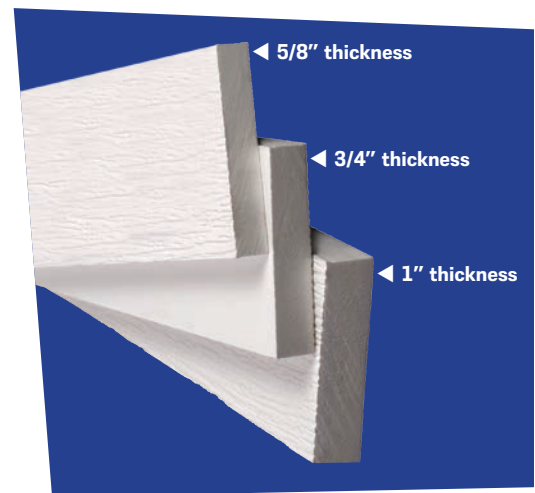

Royal Precision Cut Trimboard is easy to install and exactly what its name indicates: an exterior accent that gives any home a meticulous, standout presence. Plus its wide range of styles and sizes complement virtually every type of siding.

Woodgrain embossed texture and smooth surfaces available for trimboard
